EVENT CALENDAR 2019

FEBRUARY

- 1-3** MRA Winter Meeting, registration required *John S.*

TEAM NEWS:

Callout: 11/18/18, The airboat team was deployed with Box Elder in the rescue of hunters in a mud boat in the Harold Crane area. WCSAR team members participated in the installation and removal of **Big Betsy, Follow the Flag** in Coldwater Canyon in N. Ogden. The flag was displayed for a week beginning on Veteran's Day as a tribute to all of our veterans and Major Brent Taylor, former mayor of N. Ogden who was recently killed while on duty in Afghanistan. More info on Facebook.

Welcome to **Dep. Kyle Slater** as our new WCSO officer.

We have a new WCSAR member, **Nicholas Rogers**, who will be joining the MSAR team. Please welcome Nick to the team.

WCSAR has a new team, **Incident Response**, headed up by Gary and Lyman Stoker. They will be in charge of team trailer transport to our callout and training events. Mike Fogg will be taking over as coordinator for the snowmobile team with Caleb Stoker as assistant.

We have received another **donation check** from Ellis Family in appreciation of our team's participation of airplane crash in GSL.

Bryan B. will be discussing **Slack**, an app for interteam communications. He will be requesting email verification at the next meeting.

Mike F. - FYI **ortovox has issued a recall** on it's 3+ avalanche transceiver <https://www.ortovox.com/us/services/emergency-equipment/avalanche-transceivers/recall-3/>. This precautionary recall applies exclusively to ORTOVOX 3+ avalanche transceivers running software version 2.1.

Radios: We encourage team members to take the **HAM license test**. <https://user.xmission.com/~uarc/testinfo.html>
